

Formula SAE Italy & Formula Electric Italy & Formula Driverless 2020

Dear teams, sponsors, partners and friends,

we are sad to announce you that, because of the current critical situation given by COVID-19 pandemic and its impact on all the group activities and on our social life, whose at the moment it is impossible to predict the duration, we decided to cancel the 2020 edition of Formula SAE Italy, Formula Electric Italy & Formula Driverless. We are aware and certain that the protection of public health must come first in our choices, even more referring to an educational event where teamwork and exchange of views are fundamental values. In spite of this, FSAE Italy will be with you through this "unique" year, so stay tuned and follow our social media channels facebook and twitter and our website to know more about the cancellation of this year event and its consequences but also about our next initiatives.

Meanwhile, hoping to back as soon as possible to the normal daily life, we join the institutions in inviting you to follow, in this moment, the rules on containment of COVID-19 outbreak.

Organizing Committee
Formula SAE Italy, Formula Electric Italy & Formula Driverless
